### **What AANR is Doing for You:**

*The American Association for Nude Recreation Will Participate in the Annual National Conference of State Legislatures for the 24<sup>th</sup> Year*

KISSIMMEE, Fla. (July 11, 2017) – Members of the American Association for Nude Recreation ([www.aanr.com](http://www.aanr.com)) will be handing out thousands of 2017 commemorative lapel pins at booth #637, a preferred location within the convention center where AANR will be seen and receive during the National Conference of State Legislatures (NCSL) August 7-9 at the Boston, MA. Convention & Exhibition Center.

Director of Club Relations, Carolyn Hawkins stated that “this year is more exciting than ever, knowing that nudism is part of an increased global phenomenon.” Many more nudism recreation activities are taking place throughout all parts of the world, adding to a more relaxed social and economic culture.

Mr. Erich Schuttauf, who serves as AANR’s General Counsel will be staffing the booth at NCSL this year, his daughter Alexandra Schuttauf, who will also be attending, stated, “When legislators stop by the AANR booth they learn how affiliated clubs contribute to local economies, promote tourism, and create jobs.

AANR’s presentation of the 2017 pins changes from year to year to enhance the collectible factor; in fact, AANR representatives have been bringing different pins to NCSL for nearly 25 years and are often told by legislators and conference attendees they too have a full set.

**For 86 years, AANR has been the leading authority in North America on protecting the freedoms and rights of those who participate in wholesome, family-style nude recreation.
